

TARYN PULLIAM CAPITAL COMMITTEE CHAIR

In the Workplace

Taryn currently holds the title of Senior Director of Strategic Partnerships at GadellNet Consulting Services. She enjoys helping people power their missions and building relationships.

At Home

When not serving on the Board, Taryn enjoys working out, listening to audio books, music, and hanging out with her family and two rescue pit bulls.

With CHMO

Taryn shares that she decided to serve on the CHMO Board of Directors because she left home at an early age. She reflects that she had a supportive family to help her out, but recognizes that many CHMO youth do not always have a support system. She sees the importance of letting young adults know that they matter.
